

INTRO FOR SHERI DONAHUE

Sheri Donahue was born in a small town outside of Louisville.

She received a degree in Industrial Engineering from Purdue and has spent most of her 30-year professional career working for U.S. Navy. She also worked with the Department of Defense, Federal Bureau of Investigation, and Humana.

Sheri has received numerous commendations for her work including commendations from the U.S. Navy, U.S. Army and FBI. She has spent her career protecting our safety and our tax dollars.

Sheri's proudest title is mother. As a single mother, she knows the struggle of so many women across Kentucky to balance home and career. Her son, Ryan, is a 2018 graduate of UK. In her spare time, Sheri enjoys boating on the many beautiful lakes across Kentucky.

Sheri has the needed experience and accomplishments to be ready to be our next Kentucky Auditor of Public Accounts.
